Section 3: Supplemental (Non – Vacancy Specific) recruitment Activities Undertaken by:  
**Advanced Media Partners, LLC – Peoria, IL**

**Internship Program:** For every semester (Fall, Spring and Summer sessions), WHPI-FM, WWCT-FM, WPIA-FM and WZPN-FM participate in an extensive internship program in our various departments. We recruited interns through Illinois Central College, Bradley University and Illinois State University. Minority placement departments were made aware of the program. In our sales internship, we teach students the backbone of how to sell radio advertising and the process involved. This ranges from data entry to actually attending a sales call with one of our account executives. In our promotions department, our interns learn the various marketing strategies like guerilla marketing techniques and learn every aspect of how to set up a remote broadcast. The programming interns assist our producers with our local live shows with running the mixer/control board, producing promotional commercials and other technical duties. The business interns assist in trafficking of commercials, non-profit involvement within our community, filing and other organizational duties.

**Job Fairs:** Advanced Media Partners participated in the Bradley University job fair on Tuesday, August 26, 2015 and the HOI Community Job & Resource Fair, Tuesday March 22, 2016 to solicit resumes for all open positions, as well as educate attendees on careers in radio.

**Career Days:** The station group participated with local high schools in job-shadowing projects during the year. The participants shadowed various sales, marketing, promotions and on-air positions within the radio station to gain more insight into the many possibilities of employment within the broadcast industry. The station group found that the job-shadowing experience led high school seniors and their advisors to make more informed choices about their plans for higher education and employment in the broadcast industry.

**Establishment of Training Programs:** Weekly sales training meetings are held by the General Manager and/or Sales Manager. On at least a monthly basis, a sales and management training meeting is held as well. This is designed to enable our current personnel to acquire skills that could qualify them for higher level positions.
